Activation Guide

One-Time License · Windows 10 / 11
Angry Pig Productions

v1.0.2 · April 2026

Step 1: Install

Run **BusinessSuite_Setup.exe** and follow the installer prompts. Click Yes if Windows prompts for permission.

- Windows 10 or 11 required
- 4 GB RAM minimum
- 100 MB disk space

Step 2: Launch

Open Angry Pig Business Suite from your Start Menu or Desktop shortcut. The **Activation Screen** appears on first launch.

Step 3: Copy Your Machine ID

Your unique Machine ID is displayed on screen. Click Copy to copy it to your clipboard.

Step 4: Request Your License Key

Email your Machine ID and order number to **support@angrypig.studio**. You can click Open Email App to auto-fill a message.

We send your activation key within 24 hours.

Step 5: Activate

Paste your activation key into the field and press Enter. The app verifies and unlocks immediately.

Tip: The app may also activate automatically by checking the server while the Activation Screen is open.

First Steps After Activation

Set Up Your Business Profile

Go to **Settings** and fill in your business name, address, phone, email, and Tax ID. This info appears on all printed invoices, P&L statements, and tax summaries.

Explore the Modules

- **Dashboard** — Overview of all business data
- **Finance** — Log sales and expenses
- **Invoices** — Create invoices, manage clients
- **Inventory** — Track products and orders

- **Revenue** — Multi-platform content creator income
- **Pricing** — Cost breakdown and margin calculator

Data entered in one module automatically flows to others. Invoice paid → Finance updates.
Order completed → Inventory deducts + Finance updates.
